

Islandaire EZMB Series is a new concept monoblock (no external unit) air conditioner that provides cooling, heating, fan, and dehumidifying modes of operation to create a pleasant climate in the house all year round. Monoblock air conditioners are highly versatile and can be used in various settings, including homes, offices, server rooms, etc. Due to its compact size and all-in-one design, monoblock air conditioners are relatively easy to install and do not require the need for extensive interior or exterior modifications to the existing structure. Recent advancements in technology have led to the development of energy-efficient monoblock air conditioners that come with energy-saving features such as programmable timers, sleep modes, and adjustable thermostats, providing both comfort and cost savings.

FEATURES

- Modern Simple Streamline Design
- DC Inverter Technology for Energy Saving Efficiency
- 4 in 1 Function Including Cooling/Heating/Fan and Dehumidifying
- Large Sized Air Outlet for Increased Air Flow
- No Outdoor Unit for Easy Installation and Cost Saving
- LCD Display and 24 Hours ON/OFF Timer
- New R32 Refrigerant
- Self-evaporating System, Minimum Condensate During Cooling Mode Operation
- Water Full Alarm and Auto-Stop Function
- Metal Housing Panel
- Comes with Remote Controller
- Available with Optional WiFi App Function
- 1000W Electric Heater Provided with 230v Model
- Remote Thermostat Ready
